The Capitol elevator was not being operated yesterday, for the reason that it was being repaired, preparatory to the return of the Legislature here in November. It will probably be running to-day as but little needs to be done to it to make it safe.

ABOUT COMPLEXIONS.

Food Makes Them Good or Bad.

Saturate the human body with strong coffee, and it will in time show in the complexion of the coffee drinker.

This is caused by the action of coffee on the liver, thus throwing part of the bile into the blood. Coffee complexions are sallow and muddy, and will stay that way until coffee is riven up entirely.

Good Effect.

Hon. J. Taylor Ellyson, chairman of the Democratic State Committee, has issued a circular letter to the candidates and party managers throughout the State, calling attention to the Barksdale pure elections law, and urging all to abide by its provisions religiously.

The letter is designed to give full and

#### CITY COMMITTEE IN BRIEF SESSION

The City Democratic Committee held

brief session at Murphy's last pight, and tranacted no business of importance.

The committee appointed at the Jasmeeting to confer with Judge Viitt and Commonwealth's Attorney Richardson as to securing the new registration books for use in the primary were not ready to report and were indulged. Mr. A. T. Griffith was elected, member

The sure way to recover rosy cheeks and red lips is to quit coffee and drink Postum Food Coffee, which makes red blood. "I had been for more than twenty years an inveterate coffee drinker, and it is absolutely true that I had so completely raturated myself with this drug that my complexion toward the last became perfectly yellow, and every nerve and fibre in me was affected by the drugs in coffee.

All candidates for Senate, House, and the City Committee must hand in their names to Chairman Doherty not later they noon on Thursday next.

The committee adjourned to meet on Friday night, October 28th. and fibre in me was affected by the drugs in coffee.

"For days at a time I had been compelled to keep to my bed on account of nervous headache and stomach trouble, and medicines did not give me any relief. I had never consulted a physician in regard to my headaches and terrible complexion, and I only found out the cause of, them after I commenced the use of Pestum, which became known to me through Grape-Nuts. We all liked the food Grape-Nuts, and it helped us so we thought Postum must certainly have merit, and we concluded to try it. We found it so delicious that we continued the use altogether, although I never expected it to help my health.

"After a few months my headaches were all gone, and my complexion had cleared wonderfully; then I knew that my troubles had been caused by coffee, and had been cured when I left off coffee and drank Postum in its place." Name given by Postum Co., Battle Creek, Mich.

CANDIDATESENTERNAMES

The County Officers and the Lee District Cow Question-Ninety-filve Feet of Hole, and Still No Water-County News.

The political situation in Henrico county grows decidedly interesting as the time for the primary rapidly approaches. The election will be held on September 3d, not quite three weeks hence, and meanwhile campaigning is brisk and the pot boils on right merrily.

The new registration to be held in the county before the primary has stirred things up no little, and has gotten the candidates down to work again where they had let up for for awhile, thinking the canvass about complete. Quite a number of meetings have been arranged for the future. There will be a grand Democratic rally next Tuesday night at Toney's Hall, in Howard's Grove Precinct, Fairfield District. All the candidates have been invited. The speaking will begin at 8:30 o'clock sharp.

It is whispered that the great constables' race may come off at this meeting on Tuesday night, but there is some doubt if the constables can be gotten up to the point where they will run. Several of them declars they are willing to do 23, however. There are seven candidates for this single office in Fairfield District alone. One of them announces that there will be a fire sale of constables next week.

there will be a fire sale of constables next week.

The time limit for candidates for all offices to hand in their names to the Democratic Committee expired yesterday. They will have until several days later, however, to meet the assessment. The academy takes a new departure in the establishment of a department for mechanical and free-hand drawing for the benefit of such youths as may desire to take this course. Two scholarships are offered in connection with the academy. To the student making the highest awerage in the fourth year classes, a scholarship will be given to Richmond College for the ensuing session. To the student making the highest average in either the first second or third year, a scholarship paying tuition in the academy the next year will be given. Attached to the buildings is a large play-ground for Charles W. Childrey.

The action of Justice Crutchfield in keeping cows out of Lee District has touched a responsive chord among the county officers. The only difficulty is in the fact that the city ordinance is different from the statute that governs the county. According to the county law, the cfficers have no authority to interfere unless complaint is made by residents. Squire Lewis says that he will guarantee that the offenders will be fined if the people troubled by the cows will take the proper steps. The owners of the cows will be subject to a fine of \$12 each, which fine, by the way, goes to the person who makes the complaint.

makes the complaint.

It is a very remarkable well that is being dug on Marion Hill, in Henrico county. Ninety-five feet have the diggrs gone, and still no drop of water has appeared to encourage them in their tolks. Everything else conceivable except water has been dug up or into, including sundry relies, sharks' teeth and other of the outcomary traces of a "prehistoric" age. The diggers have gotten disgusted and thrown up the job. Mr. William Jenkins, who owns the hole, says he must have water. He will employ another digger.

Walter Thomas, charged with cruelty to animals, was tried yesterday before 'Squire Lewis and was fined \$10 and costs.

Mr. Nimmo Resurrecting Histor uments from Library Rubbish.

A great many old papers and documents of more or less great historical value have seen discovered among the archives and records of the State, which have long records of the State, which have long lain buried beneath dust and worthless matter in the garret of the Capitol. These old records cover Revolutionary and colonial, as well as more modern times, including military records in all the wars, accounts of the John Brown raid by officers of the State, early executive reports and proclamations and numerous other archives of value. These have been effect from the refuse, and will be valuable, if systematically arranged, compiled and published. Besides clearing out the garret of this ponderous weight that monaces the building, much valuable matter may be saved from destruction, or at least from the oblivion in which they have long lain.

## CHARGE AGAINST "CUB" MULLIGAN

#### Alleged to Have Taken Part in the Fulton Riot Case. Comes Up To-Day.

When the case against John Walsh, alias "Cub" Mulligan, comes up in the Police Court to-day, the Commonwealth will endeavor to show that "Cub" was one of the men in the alley the night of the Fulton episode, and that he escaped the Futton episode, and that he escaped through an oversight on the part of the soldiers, after he had been taken by Corporal L. U. Little, of the Blues.

A warrant has been out for his arrest over since. He is alleged to have started

out of the alley on a run, when he was captured by Corporal Little, who claims to have secured a good description of him. His escape was through a misunder-standing. In carrying out orders, given by Captain Bowles, Corporal Little left "Mulligan" standing at the mouth of the alley in charge of the captain, as he supposed. When he returned to the spot

Afterward he was arrested by Policeman Brown.
